INTER CORPS ORIENTEERING CHAMPIONSHIPS - 27/28 SEP 91

ORGANISER'S COMMENTS - Maj Farrington

1. We hope you all enjoy your runs and did not get to disheartened by the intricacies of Shortheath Common at night. The results for the event have been included in with the Badge results, at the back, for speed of production and any queries should be raised with the AOA Fixtures Secretary, Maj A Farrington RAPC, AGIC, Worthy Down, Winchester SO21 2RG. Tel: Worthy Down Mil (727) 2443 or 0962 887443. Control cards will be retained until 15 Dec 91.

2. The format of the event was unchanged from last year and seemed to work well again. Bringing the night event forward to the Friday and running the day event before the Badge event also meant we had more time and manpower to organise both better. I would, however, have liked to see more BAOC members around on the Sunday, as usual it was the same old few. My thanks to the REs from 1&3 Trg Regts, under Capt Dave Swann of AAC Chepstow, for supplying the manpower and undertaking all the mundane jobs, also to the BOSC for their excellent facilities. We thanked the Planners, Controller and various organisers on the day, in their absence and once again I thank them for all their efforts. My personal thanks also to those most helpful few who offered their services with the results, you managed admirably considering the state of most cards on the Saturday and I can only hope that those who reckoned ordinary sellotape is sufficient to protect their cards have learnt a lesson the hard way.

3. Next year's event is being organised by the RA and is provisionally booked for the 25/26 Sep 92 in the Salisbury area. There may also be a BAOC Colour Coded event on the 27 Sep 92? Both of these, however, are subject to confirmation and the event may have to move to Nov 92 if BAOC cannot come up with an area. There is also a proposal being staffed at the moment to cut Day 3 of the Army Champs and make the Inter Corps individual the Army Individual Championships. Whilst this is unlikely to happen for 1992 it is highly probable that a trial run will be made. The format should not need to change much, if any, the only difficulty will be whether older age groups continue to run the 'A' course?

Notes:

1. The cost of toilets and BOSC hire was shared with the badge event according to % usage.
2. The profit on the event of £209.81 goes to the AOA, and was a direct result of the high number of late entries. Originally it was planned to give a larger contribution to BAOC towards the very high mapping costs but finances did not permit this.
